

FILLED TO THE BRIM

This glass of water is filled to **capacity**.

2

I know the **capacity** of this glass is about **300 mls**.

Explain what Max means.

- a About how much water is there in Jess's glass?
- b About how much **more** water will Jess need to pour into the glass to fill it?

3

This jug was **full** before it was used to fill both glasses to the brim.
What is the capacity of the jug?
