

UNITS OF TIME

- 1 Put these time units in order from **shortest** to **longest**.
- 2 Give an example of what you might **measure** using each unit.
- 3 What **tool** would you use to measure each of these amounts of time?

a **day**b **minute**c **second**d **month**e **hour**f **fortnight**g **week**h **year**

It is a fortnight until
the end of term.
I could use a calendar
to check the date.
