

1 AMAZING MAZES

- material for building or drawing mazes e.g. chalk on asphalt, temporary fencing posts and tape, or electrical tape on linoleum/carpet inside.

- Create your own maze.
- Take turns to say how to go through the maze.

Say:

- When to turn
- Which way to turn
- How far to turn

Take two steps.
Make a $\frac{1}{2}$ turn to your right.

Ava

- "If you keep one hand on the side of a maze you will always find your way out."*

Check to see if this is true.
