

3 STEERING FOR A SPELL

- 1 Follow each instruction for these wheels.
Make sure you turn the correct wheel each time.

Example

Turn the **black** handle on:

Wheel 2 - $\frac{1}{2}$ turn clockwise

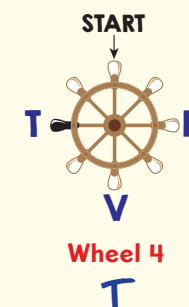

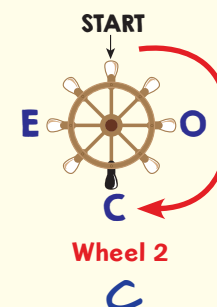

Wheel 1 - $\frac{1}{4}$ turn clockwise

Wheel 4 - $\frac{1}{4}$ turn anticlockwise

What word do you spell?

First I turned **Wheel 2** a half turn clockwise so the black handle pointed to **C**.
Look what I spelled with all 3 clues.

What does this message say?

First word	a Wheel 3 - $\frac{1}{4}$ turn clockwise	b Wheel 2 - $\frac{1}{4}$ turn clockwise	c Wheel 1 - $\frac{1}{4}$ turn anticlockwise
2nd word	a Wheel 1 - $\frac{1}{4}$ turn clockwise	b Wheel 1 - $\frac{1}{2}$ turn anticlockwise	c Wheel 2 - $\frac{1}{4}$ turn anticlockwise
3rd word	a Wheel 3 - $\frac{1}{4}$ turn anticlockwise	b Wheel 4 - $\frac{1}{4}$ turn clockwise	c Wheel 2 - $\frac{1}{4}$ turn anticlockwise
	d Wheel 4 - $\frac{1}{2}$ turn clockwise	e Wheel 2 - $\frac{1}{4}$ turn anticlockwise	f Wheel 1 - $\frac{1}{2}$ turn clockwise

- 2 Use these wheels or some of your own to make another coded message.
Give the instructions to someone else to solve.
