

HOW DO I GET THERE?

- 1 Draw or take a photo of a playground or classroom.

Go up the yellow ladder.

$\frac{1}{4}$ turn left and walk down the ramp.

$\frac{1}{4}$ turn left and go down the slide.

$\frac{1}{4}$ turn right at the bottom of the slide...

- 2 Draw or record a path you might take on the playground or moving around the classroom.
- 3 Write directions for the path you made.
- 4 Write directions to go **back** along the **same** path.
- 5 What do you notice about the two sets of directions?
