

SHAPE SLIDE

- 1 **Trace** around a shape block and **colour** the shape **blue**.
- 2 Always **start** with your shape block **on** the **blue** shape.
 - a Slide the shape block **up** and colour it **purple**
 - b Slide the shape block **down** and colour it **pink**
 - c Slide the shape to the **left** and colour it **orange**
 - d Slide the shape to the **right** and colour it **green**
 - e **Draw arrows** from the blue shape to show which way each shape has moved.
- 3 Finish Jess's description of how the shape has been transformed.

My first star is **blue**.

The **orange** star has been translated **horizontally** to the left.

The **purple** star has been translated **vertically** upward.

...

- 4 Choose a different shape to trace, but this time **translate** it diagonally in the direction of these arrows.
