

4 WHAT DAY IS YOUR BIRTHDAY?

Ask everyone in your class to add a **tally mark** next to the day of the week their birthday falls on this year.

Day of the week	Tally	Total
Monday		
Tuesday		
Wednesday		
Thursday		
Friday		
Saturday		
Sunday		

- 1 Create a graph to display the data you have collected.
- 2 How many children have their birthday in the weekend?
- 3 Compare the number of children who have their birthday on a weekend with those who have theirs on a 'school day'. Write a sentence about what you find.
- 4 Write three more sentences about what your display shows.
- 5 You could use some of the words below in your sentences.

more than less than greatest least
difference between same equal
