

HOW LONG DOES IT TAKE?

Room 8 children made a dot plot of how long it took them to eat their lunch. This is the graph they drew of the data they collected.

Time taken for Room 8 children to eat lunch

- What might the label underneath the numbers at the bottom of the dot plot say?
- What do the four dots above number 12 mean?
- Why are there no dots above some numbers?
- What is the **greatest** time taken by someone in Room 8 to eat their lunch?
- Why might there be one dot above number 1?
- What else does the dot plot show about the time taken by Room 8 children to eat their lunch?
