

2 Game

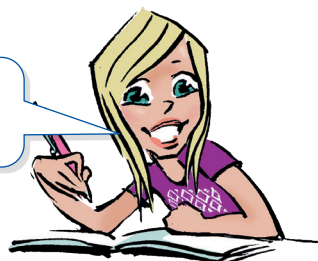

Last ones standing

A game for the whole class

- sheets of paper or small whiteboards
- a die

- 1 Write a **number between 1 and 6** on a piece of paper or whiteboard.
- 2 When you have written your number **stand up**.
- 3 The teacher or leader **rolls a die** and **calls out the number** rolled.
- 4 All the children who have written that number **sit down**.
- 5 The teacher or leader continues to roll the die until only one number has not been rolled.
The students who wrote that number are the winners.
- 6 Repeat **steps 1-5** many times and record the winning number each time.
What do you notice?

You could keep a tally chart to do this.

- 7 Try the same game by adding the numbers on 2 dice and writing a number between 2 and 12.
