

DO I HAVE TO ADD OR SUBTRACT?

Work out the answers to these.

How did you decide whether to add or subtract?

- a Ava bought a beach bag and swim fins.
How much did this cost altogether?
- b How much **more** does a boogie board cost than a frisbee?
- c Charlie bought **2** cricket sets.
How much did this cost?
- d Mihi spent **\$51** altogether.
She bought a boogie board and something else.
What else did she buy?
- e What could Tane buy if he had \$50?

Beach store price list	
Beach bag.....	\$18
Swim fins	\$15
Goggles	\$22
Beach ball.....	\$12
Boogie board...	\$39
Cricket set.....	\$30
Frisbee	\$25
Kite	\$20

There may be some change from \$50. Can you work out how much?
