

6 THAT'S INTERESTING!

1 Follow these instructions.

- Step 1 Write down a number between 0 and 20.
- Step 2 Key in your number.
- Step 3 Key in $+$
- Step 4 Key in your number again.
- Step 5 Key in $=$ and write the answer down.

2 Repeat Step 5 a few more times.

3 What do you notice?

4 Does this work with other numbers?

5 Does this work if you use other operations, such as $\times$ and $-$?

CHAPTER 9 - PG 187
