

• **The beach market**

Find the quickest way to work out the answers for each of these students.

Beach Market

Beach balls	\$15 each
Beach shorts	\$44 each
Frozen fruit	\$8 per kg
Fish kites	\$34 each

Niko: I want to buy some beach shorts and a beach ball. What will I need to pay?

Ava: I want two kilograms of frozen fruit. How much will that cost?

Charlie: I want a fish kite but I only have \$26. How much more money do I need?
