

3 MERMAID TOWERS

The mermaids have decided to use different colours to build their underwater homes.

They gave these building instructions to the fish.

- 1 Choose the **correct tower** and **colour it to meet the mermaid's instructions**.
- 2 Write the name of each mermaid on the sign below their tower.
- 3 Compare towers with a partner.
Are they exactly the same?
Are they correct?
- 4 One tower will be left – write fraction instructions for that tower and swap with a partner.
- 5 Colour in your empty tower following your partner's instructions and write your partner's name beside the tower.

My tower needs to be:
 $\frac{2}{8}$ orange,
 $\frac{3}{8}$ pink, $\frac{2}{8}$ red
and $\frac{1}{8}$ purple

Ruby

My tower needs to be:
 $\frac{1}{4}$ pink,
 $\frac{2}{4}$ red,
and $\frac{1}{4}$ yellow

Layla

My tower needs to be:
 $\frac{1}{5}$ red,
 $\frac{3}{5}$ blue,
and $\frac{1}{5}$ green

Alyssa

My tower needs to be:
 $\frac{1}{6}$ green,
 $\frac{3}{6}$ yellow,
and $\frac{2}{6}$ blue
