

1 TURTLE FAMILIES

- 1 Choose a fact you need to learn.
- 2 Write each number from the fact on one of these turtles and cut each one out.
- 3 Write and say all 4 facts from that turtle fact family.
- 4 Choose other facts and repeat **steps 2** and **3** for each of the other turtles.

I need to learn the facts that make five.
So I wrote this on one of my turtles.
