

TIMELINES

PAGE 1 OF 2

One way to order events is to use a **timeline**.

1 Put these times that Jess's grandpa has written down **in order** on the timeline.

a
7:15 am
Watch TV

b
2:15 pm
Visit friend
in hospital

c
10:15 am
Play golf

d
8:15 am
Walk

e
12:45 pm
Drive to the
supermarket

f
7:00pm
Ring
grandchildren

g
4:45 pm
Doctor's
appointment

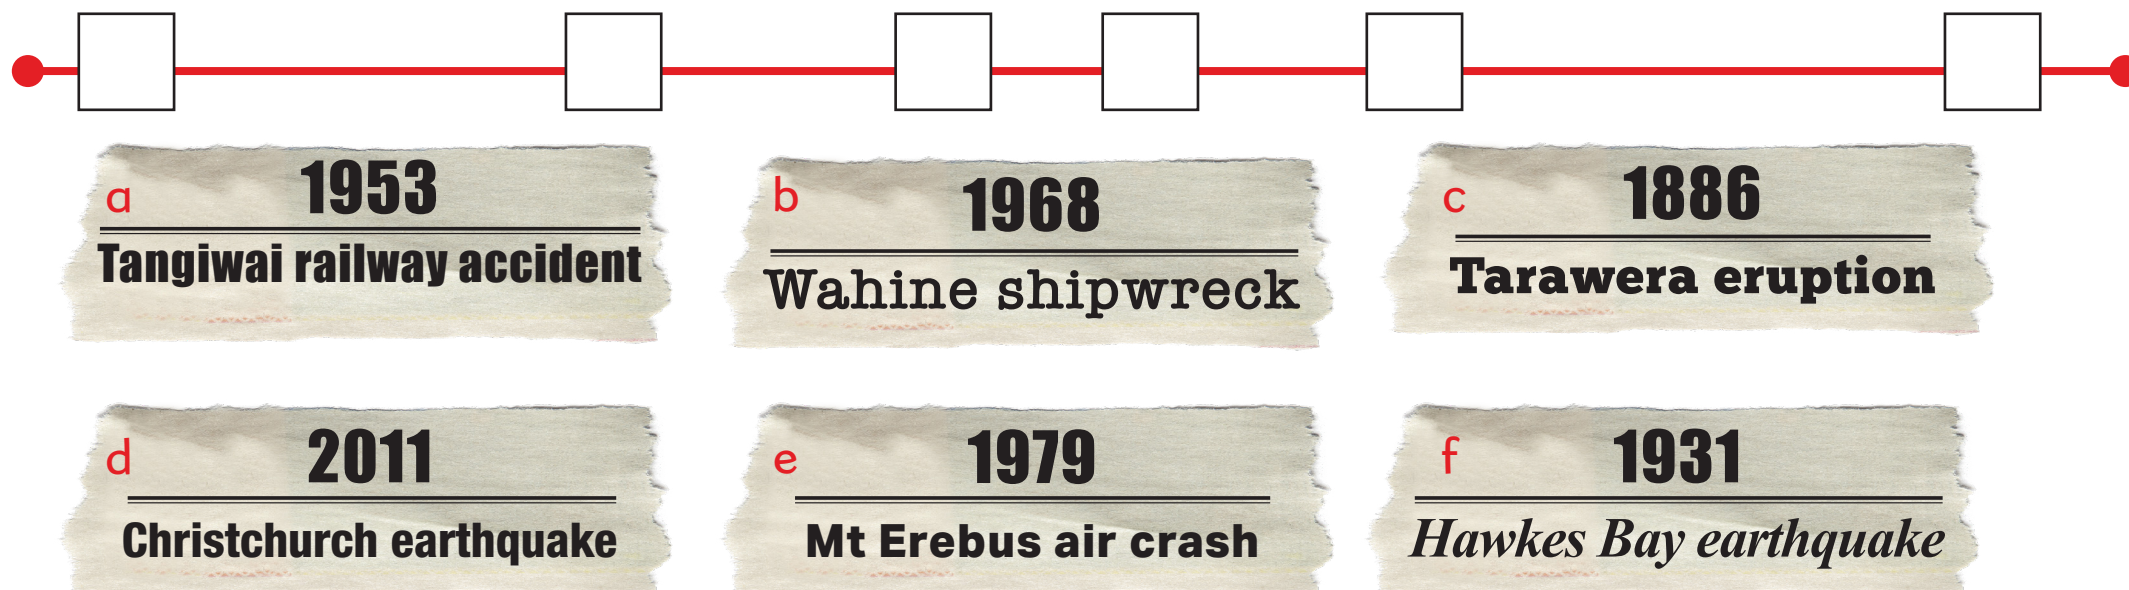

h
8:30 pm
Watch movie

2 Work out the time **between** the start of each of Grandpa's activities.

TIMELINES

1 Put these national disasters onto this Timeline of NZ history.

2 Use another time line to work out the length of time between each disaster.

For example, to find the time between the Tarawera eruption (1886) and the Hawkes Bay earthquake (1931)
