

6 I WONDER ...

Name 3-D shapes to answer these riddles.

a

Niko has 4 cylinders and
Talia has 1 cube.

Who has the most
faces on their
shapes?

b

Granny Crinkle has some
3-D shapes on her door and
altogether they have 8 faces.
What shapes might she have?

c

My name rhymes with tube
but that is not the 3-D shape.
What shape am I?

d

I have a **cylinder**, a **cone**
and a **cube**.
Which is the odd one out?

e

Max has to use 9 square
faces, with some triangles
and rectangles.

What 3 shapes
could he make?

f

Write your own shape riddle
for a 3-D shape.
Ask a friend to solve it.
