

LOOKING FROM A DIFFERENT PLACE

1 This is a picture of a plane taken from 3 different places.

Say which is the

- Front view
- Side view
- Top or “Bird's-eye” view

2 What other view might there be?

3 Take photos or draw objects from around the classroom from different places.
Be able to say which photo or drawing is the **front**, **side** or **top view** of the object.
