

CAN YOU CATCH?

- 1 Niko collected this data for the number of times in a row his friends could catch a rugby ball. The numbers on the paper and the stem and leaf plot show the same data.

- a What do you think the red numbers on the stem and leaf plot are showing?
- b What about the green numbers?
- 2 Jess collected this data about the number of times her friends could catch a netball. Draw a stem and leaf plot for her data.
