

IS IT LIKELY?

Room 4's teacher, Mrs Potter, is planning her week.

Explain your answer to **each** question.

- Which day is Mrs Potter **most likely** to take her class for a picnic lunch on the field?
- When is it **unlikely** that the class will be having lunch outside?
- Which days **might** she take her class out for a game?
- Are the **red** temperatures more likely to be **day** or **night** time temperatures?
- Create other sentences about Mrs Potter and the class from this information.
- Is the weather forecast always right?
