

## MULTIPLYING 5s AND 10s – NUMBER LINES

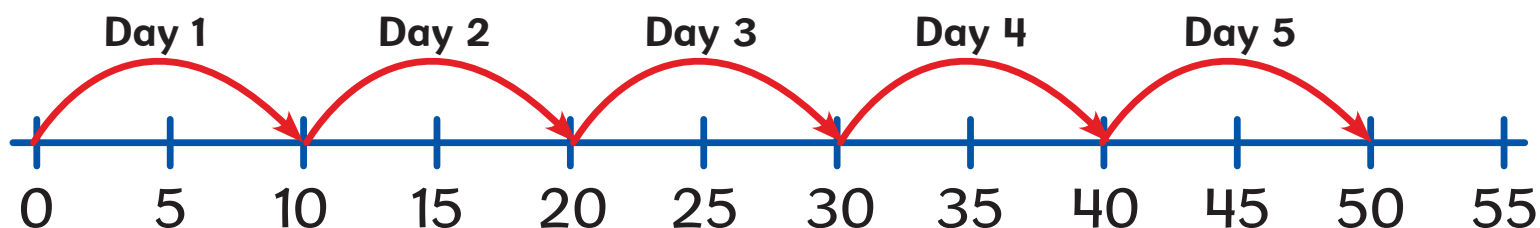

These number lines show repeated addition of five and ten.

What do you notice?

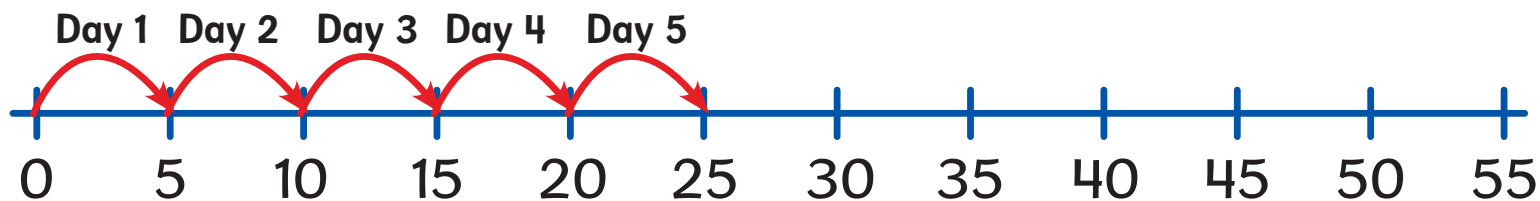

Hamish and Anika tracked the number of biscuits they ate **each** day for 5 days.

Hamish

Anika

- a How many biscuits did **Hamish** eat each day?  
How many biscuits did **Anika** eat each day?
- b How many days will **50 biscuits** last Anika?
- c If there were **30 biscuits** in a packet, who would finish their packet first? Explain.
- d If there were **20 biscuits** in a packet, how long would **two** packets last each person?
