

GRANNY CRINKLE'S BARN CATS

PAGE 1 OF 2

These cats lived in Granny Crinkle's barn.

a How many cats lived in Granny's barn?

b What fraction of the cats is **ginger**?

c What fraction of the cats is **black**?

d

I think that the fractions
you got for **parts b and c**
add to 1 whole.

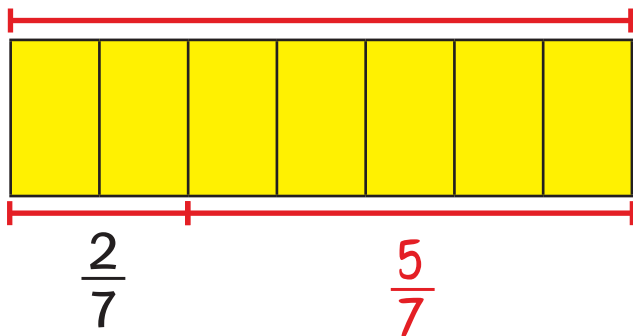

Is Granny correct?
Explain why or why not.

GRANNY CRINKLE'S BARN CATS

PAGE 2 OF 2

- 1 Write an addition equation for each of these fractional pieces.
- 2 Write the whole using **fractional notation**.

Example

$$\frac{2}{7} + \frac{5}{7} = \frac{7}{7}$$
