

WORDS AND NUMBERS

Look at these fraction statements.

Say **why** you think they are **true** or **false**.

In this word:

- a $\frac{4}{8}$ of the letters are vowels.
- b $\frac{1}{2}$ of the letters are vowels.
- c $\frac{4}{8}$ of the letters are consonants.
- d $\frac{8}{8}$ of the letters are either vowels or consonants and are needed to make a whole word.
