

## TWO LITRE TASKS

How many litres would these numbers of jugs hold?

- |                                     |                                          |                         |
|-------------------------------------|------------------------------------------|-------------------------|
| <b>a</b> 5 red jugs                 | <b>b</b> 7 blue jugs                     | <b>c</b> 3 yellow jugs  |
| <b>d</b> 2 red jugs                 | <b>e</b> 9 blue jugs                     | <b>f</b> 10 yellow jugs |
| <b>g</b> 2 red jugs and 2 blue jugs | <b>h</b> 2 blue, 3 yellow and 3 red jugs |                         |
