

HOW MANY MORE?

- 1 What is a vertex?
Point to some vertices on these two shapes.

- 2 Which of these two shapes has more of these and by how many?
a vertices **b** faces **c** edges

- 3 Which of these two shapes has more of these and by how many?

- a** vertices
b faces
c edges

- 4 Name the 2D shapes that make up each of the 3D shapes.
