

Number Knowledge 7 – Activity 1 - Question 3

Page 51

- 3 Decide which number in each pair is larger.
Shade the larger number on the diagram.

Example 362 is larger than 326 so 362 is shaded.

326	362	326	3147	5436
33 033	3333	362	149 003	3174
491 054	491 045	194 301	96 825	33 033
3 552 220	3 552 022	42 008	5534	98 625
5534	5435	10 001	24 800	491 054
96 825	98 625	3 552 220	3 552 022	3 552 202
9999	10 001	9999	3333	491 045
3 552 022	3 552 202			
42 008	24 800			
149 003	194 301			
3147	3174			

What pattern does the shading make?
