

ROMAN TIMES

Often clocks have Roman Numerals on them.

- 1 Use this clock to work out what number these roman numerals stand for.

I II III IV V

VI VII VIII IX

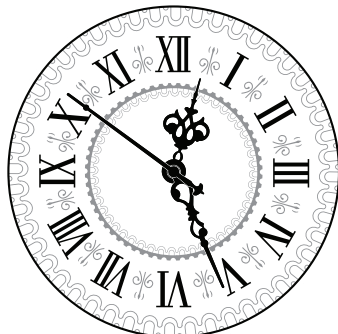

X XI XII

- 2 Why do you think 4 is written as IV and 6 is written as VI?

What about VIII, IX and XI?

- 3 4 is written in two different ways on these clocks. Try to think of a reason why this might be.

- 4 What time do these clocks read?
