

7 Game

What did I use to order these?

- 1 Have each person in the group choose four or five objects.

Examples a ball, a mat, a paper clip,
a box of tissues, a book.

- 2 The person with the longest shoes is the leader.

- 3 This person chooses one of the measures from the box, without telling anyone.
This unit is used to order the objects.

cm m
mm

Example

Jess chose **cm** and ordered these objects.

- 4 The first person to say what the leader used to order the objects takes 5 points and is the next leader.
- 5 The winner is the person with the most points after five rounds.

If there is a dispute about the order, measure the objects to resolve it.
