

6 CAN YOU FIND THE WAY?

1 Will gave this map to his cousin who was visiting.

The boat hire is in I6. My house is in C1. The best way to get to the boat hire place from my house is to go N along Bond Street for about 1 km then turn left into Tam Street and then go about ____ km, turn right into ____ Road, then ____ into ____ street, then turn ____ into ____ Road and follow it to the end.

Finish Will's instructions with the missing coordinates and directions.
Draw the route on the map.

2 Emma and Will want to go fishing at the lake. From her house, Emma walks about 500 m West, about 2 km South, about 1 km West, then 1500 m North. At which of these places does Emma go fishing?

- A hotel B boat hire C jetty
-

3 Will and his cousin have lunch at the hotel and then walk to the boat hire place. Draw the route they might take on the map. Write instructions, including distances, coordinates and directions. Compare your instructions with a classmate.

4 Write instructions for how Will could walk from his house to Emma's house.
