

5 Game

Game of two dice

- two different coloured dice for each player

- 1 Roll two dice.
- 2 Choose one number to be the ones and one to be the tenths. Write this number down.

- 3 Roll the dice again and repeat **step 2**.
- 4 Add the number you made in **step 3** to the number you wrote down in **step 2**. Write your total down.
- 5 Repeat **steps 3 and 4** and keep adding until you have a number greater than 10.
- 6 The person with the total closest to 10 is the winner.

NOTE: You could start with 10 and subtract instead of adding.

The person who is closest to 0 without going past 0 is the winner.
