

Chapter 2 – Activity 1 - Question 4

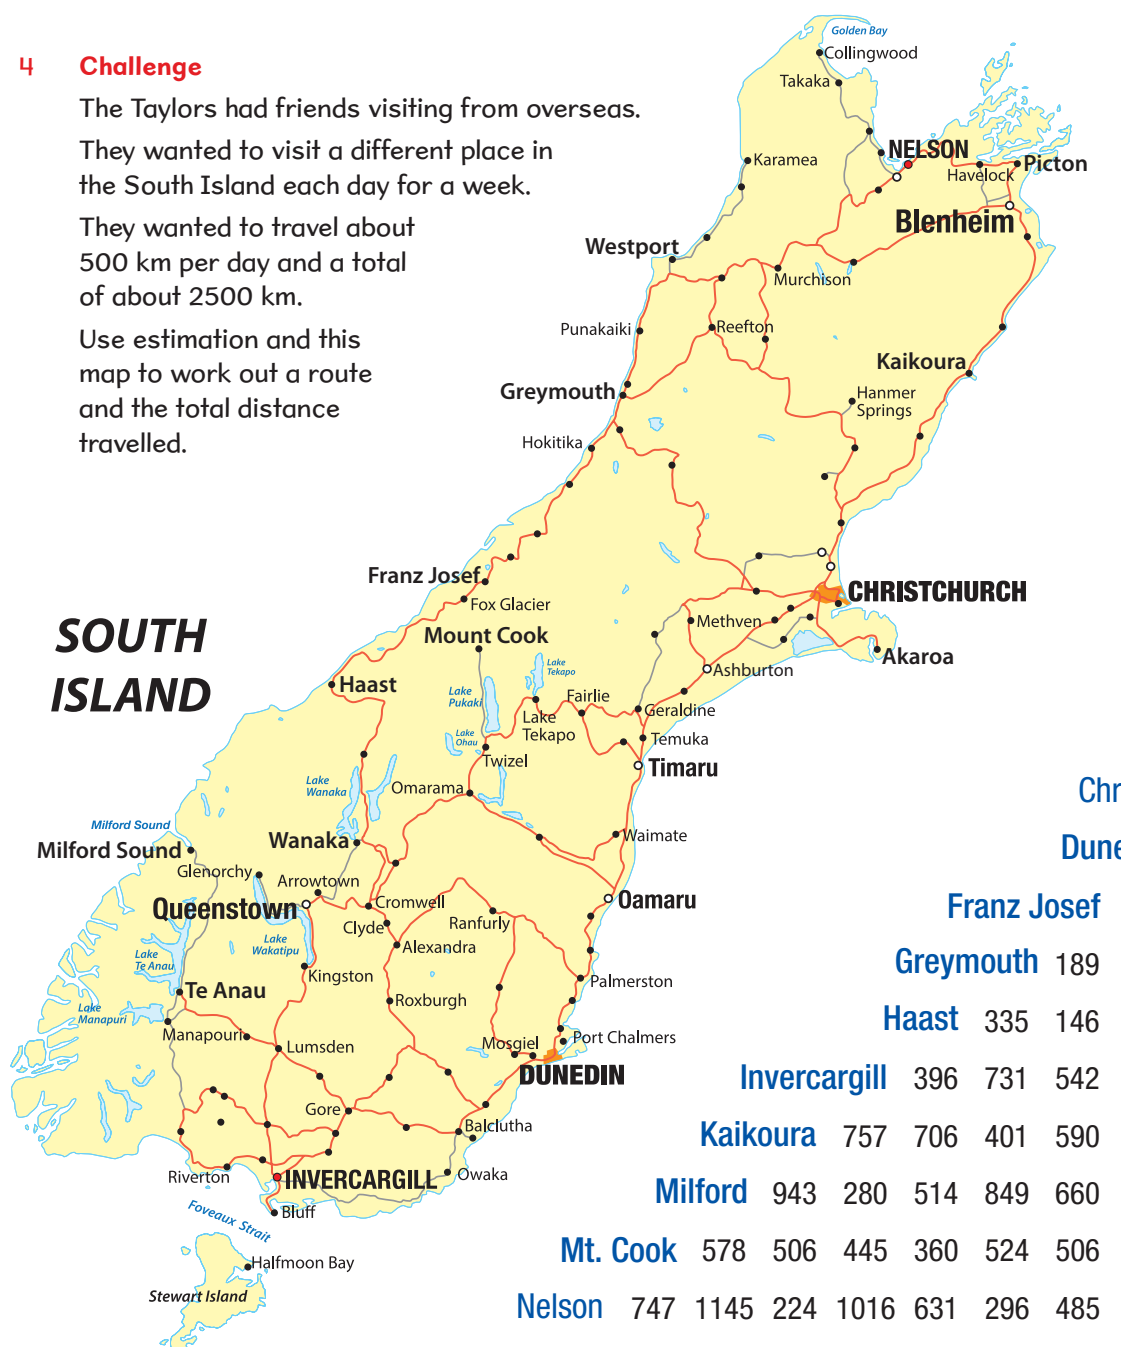

4 Challenge

The Taylors had friends visiting from overseas.

They wanted to visit a different place in the South Island each day for a week.

They wanted to travel about 500 km per day and a total of about 2500 km.

Use estimation and this map to work out a route and the total distance travelled.

	Akaroa									
	Blenheim									
	Christchurch									
	Dunedin									
	Franz Josef									
	Greymouth									
	Haast									
	Invercargill									
	Kaikoura									
	Milford									
	Mt. Cook									
	Nelson									
	Picton									
	Queenstown									
	Te Anau									
	Wanaka									
	Westport									
Akaroa	403									
Blenheim		82								
Christchurch			82							
Dunedin				361	683	443				
Franz Josef					570	408	520	490		
Greymouth						189	565	255	331	337
Haast							335	146	424	554
Invercargill								396	731	542
Kaikoura									757	706
Milford										943
