

I AM MORE LIKELY THAN YOU

- 1 Put these events in order.

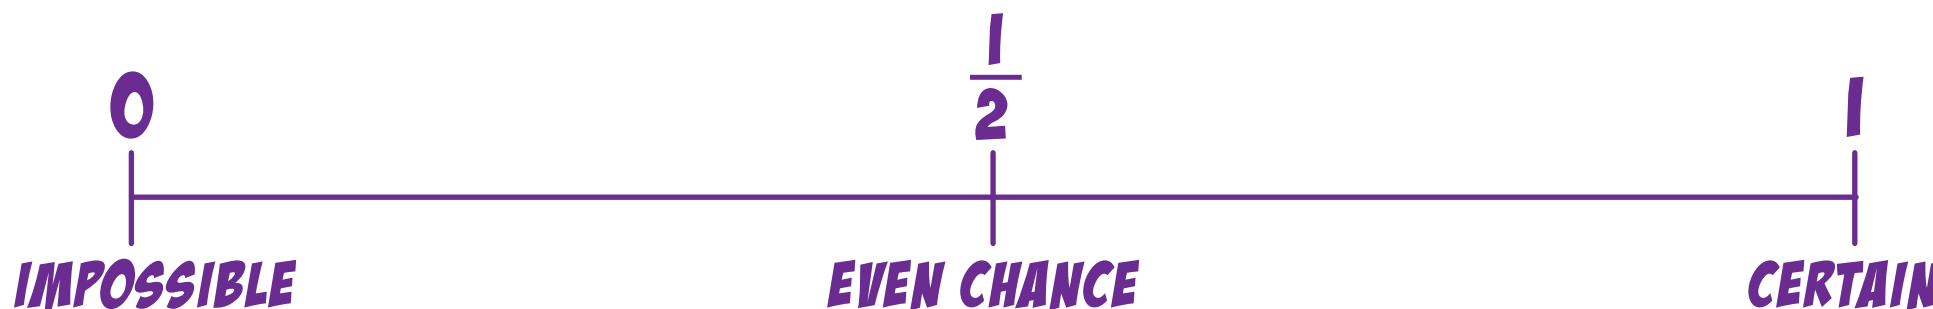

Event A – A computer keyboard will have some letters or symbols on it

Event B – The moon will fall out of the sky tonight

Event C – A tossed coin will land on heads

- 2 Put the events on this line.

- 3 Think of some events that have a probability between 0 and $\frac{1}{2}$.
- 4 Think of some events that have a probability between $\frac{1}{2}$ and 1.
