

PICK THE MISTAKE

Find the mistake made by each each of these students.
What should the answers be?

Kahu

$$72 \div 6 = ?$$

$$72 = 60 + 12$$

$$60 \div 6 = 10$$

$$12 \div 6 = 2$$

$$72 \div 6 = 10 - 2 = 8$$

Maia

$$84 \div 7 = ?$$

$$70 \div 7 = 10$$

$$14 \div 7 = 2$$

$$7 + 7 = 14$$

$$\text{so } 84 \div 7 = 14$$

Will

$$104 \div 8 = ?$$

$$8 \times 10 = 80$$

That leaves 24.

$$6 \times 4 = 24$$

$$\text{So } 104 \div 8 = 14$$
