

HOW MANY PIECES?

Jess and her friends were having a party.
They had two whole cakes and three whole pizzas.

I think we should cut
the cakes into eighths.
How many pieces will
that be?

I think we should cut the
pizza into quarters.
How many pieces will that be?

Cut the cakes and the pizzas to find the answer to these.

a $2 \div \frac{1}{8} = \underline{\hspace{2cm}}$

b $3 \div \frac{1}{4} = \underline{\hspace{2cm}}$
