

WHICH WAY?

- 1 Jess and her six friends bought a big bag of Pick 'n' Mix on their way to the movies.

If they shared the lollies equally
how many grams will each get?

- 2 Movie tickets cost \$13 each.
How much will the tickets
cost in total?

- 3 Jess' father picked them up
after the movie.
He filled his car
with 55L of
petrol costing
\$2.27 per litre.
How much did he
have to pay?
