

BETWEEN BIRTHDAYS

How many days are there **between** James' birthday on the 21st January and Susan's on 11th May?

$$\begin{aligned} \text{Total number of days} &= 10 + \underline{\quad} + \underline{\quad} + \underline{\quad} + \underline{\quad} \\ &= \underline{\quad} \text{ days} \end{aligned}$$

Pair up and find the number of days between you and your partner's birthdays this year.
