

WHAT SHOULD I TELL THEM?

- 1 When booking the ferry, they want to know the length of my car to the nearest 10 cm.
My car is 425 cm long.
- 2 The doctor wants to know my height to the nearest cm.
I am 163.5 cm tall.
- 3 The vet wants to know my cat's weight to the nearest tenth of a kg. She weighs 3.84 kg.
- 4 The post shop wants to record the weight of my parcel to the nearest hundredth of a kg. It weighs 3654 g.

What would you round these to?

- 1 The length of your room for new carpet.
- 2 The population of New Zealand for a magazine article.
- 3 The weights of teenagers for a rugby team weigh in.
- 4 The amount of cash needed for a planned shopping trip.
