

EXTRA TASK SHEET

CHAPTER 13 - VOLUME

1

ESTIMATING VOLUME IS CHALLENGING

Estimate the volume of some cuboid-shaped objects.

Examples Calculator, shoe box, book, box of chocolates, cereal packet, tablet pc, computer, and so on.

Measure the length, width and height of each object to the nearest mm.

Calculate the volume.

Put your results in a table like this one.

Object	Estimate of volume (mm ³)	ℓ (mm)	w (mm)	h (mm)	Actual volume (mm ³)
