

63 I WANT TO INFLUENCE YOU

- 1 Choose something that you would like to try to influence your class to do.

Examples watch less TV

eat more fruit

volunteer to do something

decrease their environmental footprint

walk rather than take the bus

- 2 Collect data about what your class does at the moment.
- 3 Prepare a presentation to the class to try to influence them to do what you want them to do.

- 4 Wait a sensible length of time and then collect the data on the same topic again.

- 5 Write a short report on whether or not you think you did influence your class.

Explain how you can tell this from your analysis of the data you collected.
