

Tane

Paige

- What might be a better description of volume than Tane's?
- What do you think the volume, in Multilink cubes, of your body might be?
Take a guess.
- Estimate how many Multilink cubes or other small cubes might be needed to fill your

- head
- neck
- arms
- legs
- trunk

Add them up to get your volume in cubes.
Compare your estimate with a partner's estimate.
