

Wheel of Fortune

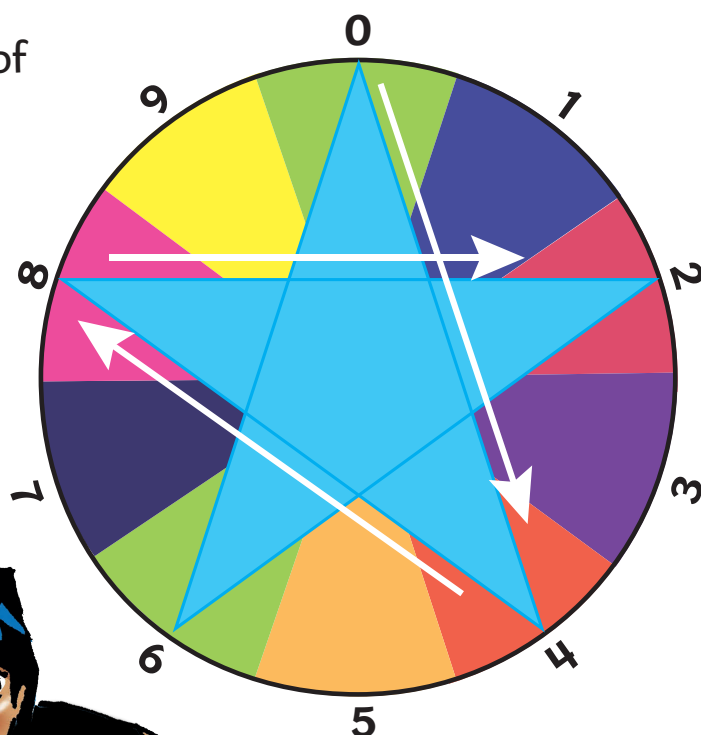

If I start at 0 and keep adding 4,
I get this pattern:
0, 4, 8, 12, 16, 20, 24, 28, 32, 36, 40, 44, ...
The pattern formed by the ones
digit of these numbers is
0, 4, 8, 2, 6, 0, 4, 8, 2, 6, 0, ...

If you join those numbers
on a number wheel, you
get this blue pattern ...

What pattern do the ones digits of
these make on a number wheel?

- 1 Start at 0 and keep adding 2.
- 2 Start at 0 and keep adding 6.
- 3 Start at 0 and keep adding 3.
- 4 Start at 0 and keep adding 7.

Keep writing down
the ones digits until
the pattern repeats.
