

GRAND NATIONAL DAY

1. Choose a number/horse between 1 and 6 that you think will win.
2. Roll a die 30 times and record the number each time.
3. The first number to be rolled six times is the winner.

Which number is most likely to win?

What would happen if you played the game 10 times,
100 times,
1000 times,
1 000 000 times?
