

Chapter 15 – Check up on level 3

Page 240

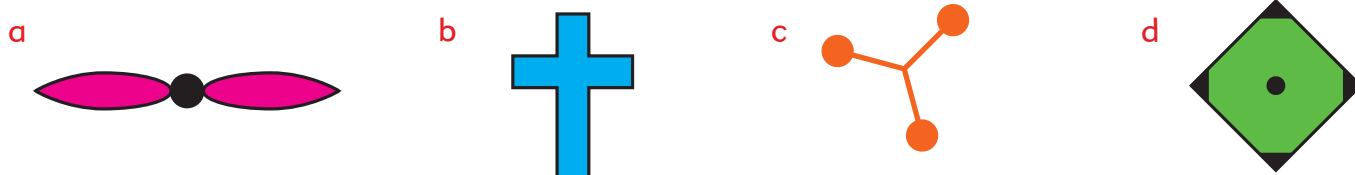

1 Draw the lines of symmetry.

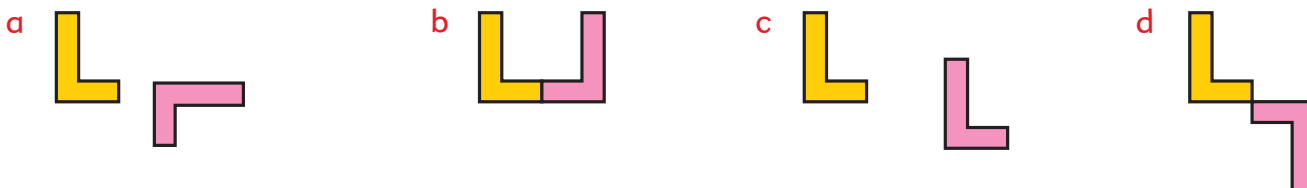

2 For each shape, draw the reflection in the mirror line.

3 How many times do these shapes look the same as you turn them through a full turn?

4 Which of the yellow shapes has been translated to get the pink shape?

5 Which of the yellow shapes in question 4 has been rotated a $\frac{1}{4}$ turn? a $\frac{1}{4}$ turn? b a $\frac{1}{2}$ turn?

6 On squared paper, draw this shape enlarged by a scale factor of 2.
