

Chapter 15 – Practicals - Questions 3 and 5

Page 267-268

- 3 Victoria used her compasses to construct this triangle. This is how she started. Write the instructions for diagrams 3 and 4.

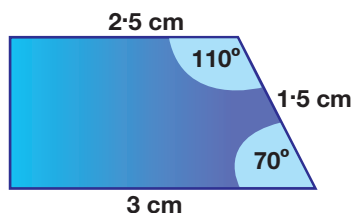

1 Draw a line, YZ,
2.5 cm long.

2 Open the compasses
to a width of 2.8 cm.
With the point of the
compasses on Y,
draw an arc.

- 5 The construction of this quadrilateral has been started for you. Work out with your partner how to finish it.

1 Draw a line
3 cm long.

2 Draw an angle of
 70° . Measure 1.5 cm
along the line and
put a mark.
