

Chapter 15 – Rich task 2 - Art and culture

Page 241

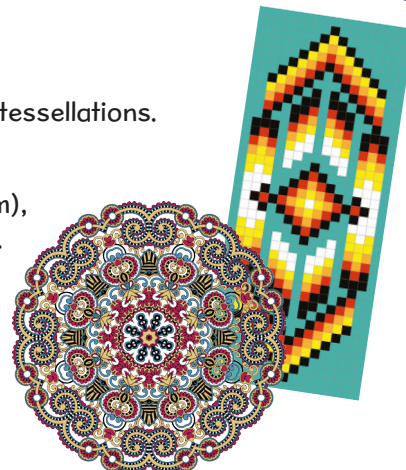

2

Art and culture

- Many cultures produce art which uses transformations, symmetry and tessellations. Choose three cultures for which this is true.

Examples Pasifika (each island is different, you could compare them), Maori, Native American, Islamic cultures, Indian, Russian.

- Find examples of art from each culture and compare and contrast the use of transformations.
- Display your work in some interesting ways.
