

Chapter 18 – Rich task 1 - Long lost cousin

Page 293

1

Long lost cousin

- Imagine a long lost cousin is coming to stay with you.
At the last minute you get sick and can't show him/her around.

- maps of your local area with grid/coordinate references, compass directions and scales

Your cousin wants to

- visit the local tourist attractions,
- go and visit some of your relatives in the area,
- go for a half or full day walk, and do some shopping.

- 1 Collect some maps from your local tourist information centre for your area or find some on the internet.
- 2 Write a detailed set of instructions for your cousin using grid references, coordinate references, compass directions and distances (using the scales on the maps) so your cousin can go and do these things without you.
