

Chapter 19 – Rich task 2 - Have you got your cycle helmet on?

Page 313

2

Have you got your cycle helmet on?

- 1 Find some statistics about cycle helmet use in New Zealand.
- 2 Pose some questions that you might be able to answer using the data you found.

Search "Transport statistics New Zealand" for some good internet sites.

Example

It **may** be possible to answer these sorts of questions using your data.

- What differences are there in cycle helmet use according to age?
- Has cycle helmet usage changed in the last 10 years?

- 3 Try to find the answers to your questions.
- 4 Choose at least two graphs or data sets.
Write a brief report on what the graphs/data sets tell you.
- 5 Having looked at the information, write two more questions to which you would like to know the answers.
- 6 You could investigate cycle helmet usage in your school.
