

Chapter 6 – Activity 2 - Questions 1 and 2

Page 113

- 1 a Shade $\frac{1}{6}$.
 b Now put a pattern in $\frac{1}{3}$ of the $\frac{1}{6}$ you shaded.
 c What fraction of the diagram has the pattern?
 d Finish this equation. $\frac{1}{3}$ of $\frac{1}{6} = \frac{1}{3} \times \frac{1}{6} =$ _____

- 2 Show how to find the answer to the fraction multiplications using the diagrams given.

$\frac{1}{2}$ of $\frac{1}{4}$

$\frac{2}{3}$ of $\frac{1}{6}$

$\frac{3}{4}$ of $\frac{2}{5}$

$\frac{1}{3}$ of $\frac{3}{8}$
