

Chapter 9 – Rich task 5 - Question time

Page 159

5

Question time

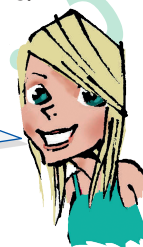

- Find an interesting chart.

Example - phone charges, broadband plans, electricity plans, weather charts, sunrise/sunset, tides

Use resources such as the newspaper, internet, library, information centre or shopping centre.

- Make up five questions about the chart similar to the questions in **Activity 3** in this chapter.
- Answer your own questions.
- Swap questions with a partner.
- Answer their questions.
- Give them back and evaluate how well your partner answered your questions.
Did they use efficient strategies, explain working well, get the correct answers etc?

You could write a short report to your partner.
